The accomplished 2010 Mercury Grand Marquis boasts the roomiest interior in its class\* - featuring leather seating surfaces with six way power driver's seat with power lumbar and recline — as well as the most spacious trunk in its class. The class-exclusive standard V8 engine delivers 224 horsepower, and is the only vehicle in its class with rear-wheel-drive. It's also the only car in its class to receive the government's highest five-star front crash test rating 15 years in a row.† With all that, you could say Mercury Grand Marquis is in a class by itself.
